## DICTATOR APPROVES OF MEDIATION

### Huerta Agrees to Latest Offer.

### ADVICES NOT OFFICIAL

### Hostilities May Cease Pending the Negotiations.

Washington, April 27.—Huerta has consented to mediate the present crisis with the United States. This statement was made at the Spanish embassy, which has been designated by Huerta to represent him in Washington.

Senor Reano, the Spanish ambassador, says that his advice are not official, but that he received word from Mexico City of Huerta's decision.

This means that all hostilities between the United States and Huerta will cease, at least pending the mediation proceedings. So far as was learned no word has been received from Carranza, but there is no doubt in Washington that he will be forced now through public sentiment in Mexico to become a party to the mediation.

The acceptance of the offer of the South American republics to mediate does not mean that the entire Mexican problem will be solved. It does mean, however, that a crisis has been averted and that the chances are very much in favor of some development which will prevent a renewal of hostilities into which the United States has been forced.

#### Relief at Washington.

There is nothing in the mediation proposal as submitted to Huerta which indicates the conditions imposed by President Wilson. These conditions are that Huerta be eliminated and that a constitutional government in Mexico be restored. When it comes to the working out of these fundamental problems in the Mexican situation there may be insurmountable difficulties, but all Washington drew a deep breath of relief when the news came from the Spanish embassy that temporary suspension of trouble was assured.

If Huerta finally accepts the conditions imposed by President Wilson and consents to his own elimination and the establishment of a constitutional government he will be reversing himself on his previous defiant stand toward these demands.

When the formal acceptance from Mexico City is in hand the South American diplomats will be ready to proceed with their plan, no intimation of the nature of which has yet been given. It has been understood generally here, however, that the peace envoys expect to deal directly with the situation created by the resentment by the United States government against the Tampico incident and other offenses against its honor and dignity, hoping to bring about a peaceful settlement.

#### Will Release Refugees.

According to information conveyed to Secretary Bryan by Sir Cecil Spring-Rice, the British ambassador, who has been using his good offices through Sir Lionel Carden at Mexico City, General Huerta will release all American refugees detained in that capital or other points.

Secretary Bryan said that this course was decided upon by Huerta after his misunderstanding of the attitude of Americans at Vera Cruz had been rectified and the impression the Americans were holding noncombatants corrected.

Huerta's position in the matter served to clarify the atmosphere somewhat, but other stories of outrages are coming in to disturb the calm which settled over official Washington after the first statement was made.

All foreign diplomats here and in Mexico, particularly the British and German representatives, are doing everything possible to aid in getting American refugees to safety and several British and German ships have been placed at the disposal of this government for that purpose.

Admiral Fletcher's declaration of martial law at Vera Cruz is approved by officials here, who realize his difficulties with house-top sharpshooters and concealed enemies.

#### No Further Aggression.

While extreme measures will be taken to enforce order in Vera Cruz, to head the waterworks and necessary points in the vicinity of the city, to insure protection of the inhabitants, no further steps of aggression will be taken, while the peace plans are being considered.

Reports from the east and west coasts of Mexico from Admirals Badger and Howard, respectively, described energetic efforts, not only of the American navy, but German and British vessels, to assist refugees in leaving the trouble torn republic.

## MILITARY IN CONTROL

### Martial Law at Vera Cruz.

### NO MORE QUIBBLING

### Admiral Fletcher Decides Upon Drastic Action.

Vera Cruz, April 27.—Vera Cruz is under martial law. Rear Admiral Frank F. Fletcher, commanding the American naval forces on shore, issued a proclamation to this effect and the last opportunity Mexicans had for handling their own affairs in Vera Cruz under their own laws disappeared.

Admiral Fletcher and his staff determined that there should be no more quibbling with the Mexican officials regarding forms of government and until further notice the residents of this port will live and be judged by military law. The word has gone forth that disorder and unruliness in any form shall receive swift and severe punishment.

This proclamation makes Rear Admiral Fletcher absolute ruler ashore, and it is generally agreed that he will use this power with stoical regard for all, to the end that order shall be maintained.

It is expected that the martial law proclamation will have another effect—that of opening the way for more of the city and federal employees to return to their posts and co-operate in restoring the local government functions. Mexicans point out that these men now will be in a position to explain to their friends and the existing government at the capital that under martial law they felt obliged to return to their work.

#### Arms Being Turned In.

An order that all arms be turned in brought to the headquarters of the provost marshal bushels of small arms and stacks of rifles which had not been discovered by the provost guard on previous searches and at the consulate a huge quantity of guns of all makes and sizes was stacked up.

The city is quiet in all quarters and if there was even a single sniper in action the fact was not reported to division headquarters. There was, therefore, no occasion for the patrols to carry out the order issued by Rear Admiral Fletcher for summary action against those who had been sharp-shooting from the housetops.

A large number of local Mexican officials have reported their willingness to resume their duties of office under the supervision of the Americans. The American officials named to date to assist in the supervision of the municipal government are: Commander H. C. Stickney of the Prairie, captain of the port; Fleet Surgeon L. W. Sprattling, sanitary inspector; Commander D. F. Sellers of the Arkansas, provost marshal; Commander John M. Luby of the South Carolina, director of the postoffice.

#### Public Schools Will Open.

Robert Diaz, the mayor of Vera Cruz, is among those who have agreed to reopen their offices and it has been arranged that the public schools, which were in session when the fighting began, shall be reopened.

The efforts of Rear Admiral Fletcher, supplemented by those of the British commander, Rear Admiral St. Christopher Cradock, and the French and German consuls and private citizens, to bring about the departure from the interior of all foreigners who wish to leave, are being continued energetically, but the hope of getting out more than a small part of those left is diminishing hourly.

General Maas of the federals has established his headquarters at Soledad, about sixteen miles from Vera Cruz, and his men are tearing up the railroad tracks. The gap between Tejera, the water supply station, which is guarded by the Americans, and Soledad has grown greatly and it is now no simple task for the refugees, whether foreigners fleeing from Huerta, or Mexicans proceeding from Vera Cruz towards the capital, to get themselves and their baggage across the open space.

## CANADIAN TO BE CARDINAL

### Archbishop of Quebec Will Be Elevated at a Consistory.

Rome, April 27.—Pope Pius decided to hold a consistory May 25 for the purpose of creating cardinals.

Among those who will be elevated to membership in the sacred college are Most Rev. Louis Nazaire Bagin, archbishop of Quebec, and Abbot Gasquet, president of the English Benedictines.

## GOVERNOR EBERHART.

Thinks Mediation Worth Trying Out.

## PRaises MEDIATION POLICY

### Minnesota Governor Commends Government's Action.

St. Paul, April 27.—Governor Eberhart commended the action of the government in accepting the offer of mediation in the Mexican difficulties. He declared it a good policy whether or not it is successful. His statement follows:

"While the mediation plan offered by Brazil, Chile and Argentina is an extremely difficult one it is worth trying out. If it succeeds it will avert war; if not, it will prove to the world that our government is acting in good faith to secure for the people of Mexico constitutional self-government."

## MANY AMERICANS PLACED IN PRISON

### Mexican Mobs Indulge in Looting and Incendiarism.

Vera Cruz, April 27.—K. M. Van Zandt, the president, and all the trustees and officers of the American club in Mexico City, are under arrest there, as are all officials of the Mercantile Banking company and the Mexico City Banking company. The officers of the financial institutions were arrested because of their refusal to contribute money to the Mexican government.

The American grocery was burned and an attempt made to fire the American club. Three other American stores were looted.

The government appears to be encouraging the demonstrations against Americans, although the burning and looting is held in check by the police.

Circulars enumerating American business houses are being distributed in the streets of Mexico City. They call on the populace to destroy the concerns listed.

Some of the American stores whose names appear in the circular already have been looted.

Another list being distributed is that of Mexicans managing some of the American stores. It is declared these men must be killed because of their identification with foreign interests.

Washington, April 27.—United States Consul General Philip C. Hanna at Monterey reported to Secretary Bryan that he had been humiliated and placed in jail by Mexican federal officials April 22 and left behind the bars until released two days later by the Constitutionals.

## MORE WARSHIPS TO MEXICO

### Two Cruisers and Gunboat Will Leave Soon.

Seattle, April 27.—The cruiser West Virginia with Rear Admiral Robert M. Doyle is expected to sail from the Puget sound navy yard Tuesday for Mazatlan. The cruiser Chattanooga, which has been ordered to Mexico and upon which extensive repairs have been made, will be ready for sea May 1.

The gunboat Vicksburg, hitherto used by the Washington naval militia at Tacoma, will be placed in commission for service in Mexican waters immediately.

## GOVERNMENT MOVES SLOWLY

### Uncle Sam Takes Time to Erect New Buildings.

### OUTCRIES ARE FRUITLESS

Experts at United States Mints Have No Trouble in Determining Value of Gold Ore—That Mined in One Part of Country Differs Very Greatly From That From Other Sources.

By ARTHUR W. DUNN.

Washington, April 27.—[Special.]—Governments move slowly. It developed in discussion of an appropriation bill the other day that new buildings are constantly being erected to house departments and long leases being made for them, although public buildings were authorized some years ago for the same departments.

Several squares of land in a desirable part of the city were purchased a number of years ago and three buildings were to be erected. The government is receiving rent from the people who occupy this ground, but not a stroke of work has been done in the direction of erecting the new buildings. There is an occasional outcry and inquiry in congress as to why nothing is done, but that does not get results.

#### Gold Carries Its Label.

George Otis Smith, director of the geological survey, was telling about the deposit of a large quantity of gold at the Denver mint. "One might naturally suppose," said the director, "that the gold was mined somewhere near the Denver mint, but instead of that it was mined away out in Nevada. It was not taken to the assay office in that state because it had been 'high graded.' We can tell where gold is produced by what it contains and by its color. I can tell the difference in gold produced on different sides of a mountain in Washington by reason of its color. Some gold contains a larger per cent of silver than other kinds."

"High grading" is a pleasant term in the mining country for stealing. It really means that where ore is of a high grade it is easy to pick off chunks of it, and when a quantity is accumulated it can be reduced and minted.

#### John Garner's Long Reign.

It is doubtful whether any man ever presided longer as chairman of the committee of the whole than John Garner of Texas. He was selected to preside during the consideration of the legislative, executive and judicial appropriation bill, and that measure was before the house longer than any other appropriation measure this session. It took almost as long to pass the tariff bill.

#### What Did He Mean?

Senator Root of New York had been discussing a number of foreign complications, and then remarked: "There are people who can rub their stomachs and pat their heads at the same time"—and he added, after a little pause—"but they cannot do anything else." Now, a wise man like the New York Senator would not make a remark like that unless he meant something by it. I think it applied to the canal tolls as much as to anything else.

#### An Unusual Combination.

Senator Thomas of Colorado is both a speaker and a listener. He speaks frequently and at considerable length in the senate, but, unlike many other senators, he does not leave the chamber when another senator is talking. As one man remarked, "Few listen to Thomas, but Thomas listens to everybody."

#### Its Relative Interest.

Former Congressman John W. Dwight of New York is not one of those who believe that there is much campaign material in the repeal of the canal tolls. He said that he had spent considerable time in the country and among people generally, and it was his estimate that the canal tolls was about seventh on the list of things which interested the people.

He did not enumerate all of the other six, but he placed at the head of the list general business conditions, which were causing a great deal of discussion among business men. Then, of course, there were the Mexican situation, how long congress would remain in session and whether congress would pass trust and railroad legislation.

Although Dwight is a very careful observer, it is probable his observations as to business are among men whose business interests are quite large rather than among that unknown quantity called the common people.

#### Daughter Complained.

A congressman's daughter went down to the postoffice the other day and tried to send a book to a friend by parcel post. She found that all other things under the sun could go by parcel post save books. Daughter came home and complained to father.

"Did we pass a fool law like that?" he asked. And that is just what congress did, though why no one has been able to say. Certain printers or book publishers or some crowd with a pull figured it out that books had better be excluded from the benefits of parcel post, and it was done. There will be a mighty loud roar along about Christmas time on account of this discrimination.

#### Similarity.

Why is a bee-hive like a spectator? Because it is a bee-holder.—London Telegraph.

## GEORGE F. BAER.

President of Philadelphia and Reading Road Is Dead.

## GEORGE F. BAER IS DEAD

### Noted Railway President a Victim of Gastric Trouble.

Philadelphia, April 27.—George F. Baer, president of the Philadelphia and Reading railroad and active in the organization and management of many coal, iron and transportation companies, died at his home here.

Mr. Baer was stricken on the street and never recovered consciousness. Although approaching seventy-two years Mr. Baer had been unusually active and his associates considered him in the best of health.

His wife, five daughters and sons-in-law and four physicians were at his bedside when he died.

Gastric trouble, supplemented by a kidney disorder, is believed to have been responsible for Mr. Baer's sudden illness.

## LONG ILLNESS FATAL TO JUDGE HODGSON

### Minnesota Civil War Veteran and Jurist Passes Away.

Hastings, Minn., April 27.—Judge William Hodgson of the First judicial district died here at the Lathrop hospital, following a year's illness due to a fall. He underwent an operation last Tuesday.

Judge Hodgson was born in Jo Daviess county, Illinois, May 29, 1847; settled with his parents on a farm in Dakota county in 1865; enlisted in 1862 in Company F, Second Minnesota cavalry, and served until the close of the war.

He attended Hamline university and in 1870 was admitted to the bar in Red Wing, Minn. He located in Hastings shortly afterward and practiced his profession there for more than forty years, being associated at different times with men prominent in the legal profession, among them the late Judge Seargeant Smith of Minneapolis. He was county attorney of Dakota county for fourteen years. He was appointed judge of the First district in 1910, following the death of Judge F. M. Crosby, and in 1912 was elected for a six-year term without opposition.

He had been mayor of Hastings, and for many years was commander of Peller post, Grand Army of the Republic. He was prominent in Republican politics in the earlier years of his life. He was a member of the Masonic order.

## STEWART EDITOR IS DEAD

### Amos F. Avery Succumbs After an Illness of Three Days.

Stewart, Minn., April 27.—Amos F. Avery, editor and publisher of the Stewart Tribune, died at his home here of diabetes, thirty years old. He continued at his work until Thursday of the past week, when he was taken with a sinking spell while at his desk. He reached his home unaided, but with difficulty, grew rapidly worse, gradually sinking into a state of coma, from which he never rallied.

Mr. Avery had published the Stewart Tribune for the past eleven years, taking charge of the paper when he was nineteen years old. He was recently appointed postmaster of this village. He was a thirty-second degree Scottish Rite Mason and a Shriner. He leaves a widow and two young sons.

## SEVEN KILLED IN BATTLE

### Colorado Strikers Said to Have Dynamited Coal Camp.

Denver, April 27.—Strikers captured dynamite and fired the Chandler coal camp of the Victor American Fuel company, in Fremont county, according to reports to the governor's office, which declared seven men had been killed in the battle.

State officials, including Governor Ammons, declared the truce which had continued for two days between the strikers and the state militia had been broken by the strikers and that the militia now is under no obligation to refrain from aggressive acts to restore peace.

## MANY AMERICANS IN MEXICAN PRISON

### BALTIMORE PLANTS BURN

#### Fertilizer Companies Are Losers to Extent of \$1,350,000.

Baltimore, April 27.—Fire totally destroyed the big plants of the Atlantic Fertilizer company and the United States Fertilizer company at Curtis Bay, a suburb. The total loss is estimated at \$1,350,000, covered by insurance.

Superintendent C. M. Hobson of the Atlantic company said his company's loss will be \$600,000. The loss of the United States company was placed at \$750,000 by Assistant Superintendent G. W. Wentworth.

### MISSIONARIES IN DANGER

#### Anxiety Expressed at Headquarters in New York.

New York, April 26.—Anxiety is expressed at the headquarters of the Presbyterian board of foreign missions over the safety of many of its missionaries in Mexico.

The board has sent a cable message to Mexico City inquiring as to the safety of Rev. H. S. Phillips, who has been working at Zitacuaro.

### 500,000 MINERS TO STRIKE

#### John P. White Says Walkout May Be Declared Next Week.

Des Moines, April 27.—Unless conditions are improved in the Southern Colorado coal fields a strike of the 500,000 coal miners of the country probably will be called next week. John P. White, international president of the United Mine Workers of America, said. A meeting of the executive board has been called for May 4 at Indianapolis to consider the question.

He says that when the party was first dragged off the train at Incarnacion the mob demanded the lives of the Americans and even went so far as to produce two priests who might hear their confessions before they were put to death.

Troops who were on hand dissuaded the mob from violence at that stage, segregated the Americans in one car and managed to get them to the smelter where they are now confined.

Another party of about fifty Americans boarded the same train which left Aguas Calientes, but were thrown off by the train crew at Trinidad, where at last reports, they were stranded with no hotel and no accommodations of any kind.

## Mexicans Take Refugees From Train.

### BRYAN ASKS RELEASE

### Other Foreigners Are Also Said to Be in Custody.

Washington, April 27.—American Consul W. W. Canada of Vera Cruz notified the state department that many American refugees have been taken from trains and imprisoned at Aguas Calientes by Mexican soldiers. Besides Americans, the consul reports, other foreigners have been detained, most of them having been employees of the smelters at Aguas Calientes.

Protest against the action was made to Consul Canada by Alfred Boer, president of the American Smelting and Refining company, who succeeded in reaching Vera Cruz from Aguas Calientes.

The state department here, through the Brazilian ambassador, has asked that the American citizens imprisoned be released.

Later reports from Consul Canada to the state department said the Americans and other refugees held at Aguas Calientes had been pulled from a train about to leave for Vera Cruz by a mob and that local police interfered and rescued them.

They were then held in the smelters, none being permitted to reboard the train.

### Flocking to Vera Cruz.

Consul Canada also reported that about 300 American refugees from Mexico City had arrived at Vera Cruz. Mr. Boer, according to Consul Canada's report on the Aguas Calientes incident, gave the names of more than thirty Americans, mostly women and children, who were on the train and are now in the smelter, where they are held for protection.

He says that when the party was first dragged off the train at Incarnacion the mob demanded the lives of the Americans and even went so far as to produce two priests who might hear their confessions before they were put to death.

Troops who were on hand dissuaded the mob from violence at that stage, segregated the Americans in one car and managed to get them to the smelter where they are now confined.

Another party of about fifty Americans boarded the same train which left Aguas Calientes, but were thrown off by the train crew at Trinidad, where at last reports, they were stranded with no hotel and no accommodations of any kind.

### THOUSAND REFUGEES CROSS RIO GRANDE.

Eagle Pass, Tex., April 27.—A constitutional force is near Piedras Negras, advancing to occupy the city.  
Fearing a battle the remaining citizens made a rush for the international bridge and in two hours more than one thousand crossed.

### WOULD TAKE MEXICO CITY

#### Villa Wants United States to Transport His Troops.

El Paso, Tex., April 27.—Pancho Villa wishes the United States to convey his army of 20,000 men over American territory to Galveston and on transports to Vera Cruz, turn it loose there and let him take Mexico City and end the revolution.

This remarkable proposition is being made in all seriousness by the rebel leader. Villa says he is willing that his army should be disarmed before being put on trains in Juarez, the guns and ammunition to be sent on separate trains under United States army protection, and the rebel soldiers sent under American troop guard to Galveston and to Vera Cruz.

### ALL MAY HAVE BEEN KILLED

#### Mexican Mob Attacks Party of American Refugees.

Eagle Pass, Tex., April 27.—Two ambulances sent from Eagle Pass to bring American refugees from Musquiz, Mex., were stopped in Piedras Negras by a street mob while flags were torn from cars and trampled on the ground and the drivers ordered back across the river. Two women and several children are in the small Musquiz colony, which is cut off from aid. It is feared all have been led or imprisoned.

### Kills Widow and Himself.

Chicago, April 27.—Mrs. Elizabeth Dettas, twenty years old, a widow of eight months, was shot and killed by Stanley Mondrey because she would not marry him at once. Mondrey then shot and mortally wounded himself.

**MUSIC AND DRAMA**  
**At the Columbia**  
The Sunday show as usual was a huge success at the Columbia. The pictures were excellent and the music played was of the very best. The most striking orchestral number was the "Chimes." Mr. Harris gave a wonderful imitation on the piano. One standing on the outside would really imagine it was the real article. A good show has been booked for tonight and tomorrow including dramas, educational and comedy.

**At the Grand**  
"Capt. Jimmy" is played at the Grand tonight. This is one of our two-reel regular run features. All the way through you will find a very strong pleasing story of true love and heroism. The rest we will leave to you.  
"The Merchant of Venice," has been selected by the Grand management for Wednesday and Thursday nights of this week. Lois Weber as "Portia" and Phillip Smalley as "Shylock" are excellent. This is a wonderful four-reel Shakespearean drama. Be sure to get out your copy of Shakespeare and read the "Merchant of Venice" and then keep the date in mind—this Wednesday and Thursday, April 29 and 30. Grand standard prices, 5 and 10 cents.

**Frenchwomen in Business.**  
If the Englishwoman fails in business that proves her inferior in one respect at least to her sisters across the channel. Frenchwomen succeed as shopkeepers, and many large businesses are entirely under feminine control. The difference between the two nationalities in this respect is indicated by the name above the shop doors. Who ever saw "Mr. and Mrs. —" above an English shop? In Paris, however, "M. and Mme. —" and even "M. et femme" are quite common.—London Opinion.

**A General Clean-up Request**  
To the Citizens of Brainerd:  
The city council has taken action designating the week commencing Monday, April 27 and closing on Saturday, May 2nd, as a general clean-up week.

In order to give Brainerd a general clean-up, it is desired that all citizens co-operate by removing all rubbish, dead weeds, grass and leaves, and all inflammable material from alleys, streets and private property in the city.  
It is also the desire of the city officials that all citizens use every precaution in safeguarding bon fires and to extinguish every bon fire during the night.  
If all citizens will endeavor to burn up all inflammable rubbish during this week, it will result in a general clean-up and will make the balance of the spring evenings more enjoyable by the general absence of smoke from the bon fires.  
Very truly yours,  
R. A. HENNING.  
Mayor. 275tf

**River is Low**  
Walter Ford, of the Ed. Lavoie crew, which has been working between here and St. Cloud, was in the city Friday night and said that the work of towing the four wangs up river was stopped a few miles below Little Falls owing to low water. Thursday a crew worked all day with the boats and only traveled about three-fourths of a mile. The effort to get the wangs to this city was finally given up and the crew of 90 men will go to Brainerd, doing some cleaning of the river work enroute north.—Little Falls Transcript.

**NOTICE**  
Owing to a misunderstanding on the part of the member who ordered the printing, the invitations recently sent out for the Knights of Columbus dance, carried the announcement that music would be furnished by the Blue Ribbon orchestra. **AN ARMY TO PREVENT WAR.**  
Originator of Scheme Organizing a Force to Stand Between Contenders.  
Before a large audience in Stockholm the Rev. Albert Wickham presented for the first time a novel scheme to prevent war by means of a voluntary so called "white army" which would throw itself between two fighting armies.  
Mr. Wickham is assuming the title of "general" and will tour the whole of Sweden, making a propaganda and organizing his army. So far only a few hundred "soldiers" have enlisted.  
The "general" is convinced that when the "white army" is sufficiently large it will be psychologically impossible for fighting armies to attack it. Thus it will make war impossible.

## CAMPAIGN FOR MEMBERS SOON

George B. Irving, of Chicago, Municipal Expert, to be in the City Week of May 11

### HE OUTLINES HIS PROGRAM

Urges that the Commercial Club Advise the Coming Campaign Extensively

D. A. Haggard, chairman of the membership campaign to be inaugurated by the Commercial club, has received this letter from George B. Irving, of Chicago, who in May will wage a vigorous siege to increase the quota of Commercial club members: "Yours of the 15th at hand, for which I am appreciative.

I congratulate your city upon the cooperative spirit and predict large things as a result; it is the spirit that wins.

Ante date: "I leave for New York and New England Sunday for two weeks' work, returning from which I would suggest serving you—week of May 11th. I have business in the northwest and can serve you then nicely.

Advise me if acceptable to coming. New York, next week care of Frank J. Saxton, secretary Commercial club. In the meantime please begin your campaign to advertise our work. Try to arouse everybody.

Particularly have the ladies organize to help.

Have the clergy arrange to preach the Sunday just before upon a Better Brainerd from Civic Standpoint.

Cornings, N. Y., had special envelopes printed clear across middle front reading: "Commercial Club Week April 20-25," and in small type at either end, "Let's Grow Not Crow" and at the other end, "Sell Your Hammer and Buy a Horn," all in red lettering.

Try to get merchants to use a part of their ads to talk a "Big Commercial Club" and team work; Sioux Falls merchants did it. If possible, page ads in your newspapers telling future of Brainerd, if all hang together.

I urge letter fillers about Brainerd's opportunities, same to be distributed to all stores and offices and request be left to enclose up to and including our campaign in every letter sent out.

Am sending you copy "My Town," try to get papers to reprint chapters 13, 14, 19, 21, 28, of course giving me copyright credit. Red Wing, your state, begged of me this use for their papers.

Prepare alphabetical list of every person who should become a Commercial member. Make it exhaustive; leave space between list of each letter for addenda. Print 100 copies of list, poster size.

Try to get letters of other commercial clubs presidents regarding importance of our work—re commercial clubs e. g. E. J. Lander, Grand Forks, E. L. Person, Minot, N. D., Minneapolis, Mayor Seeburger, St. Cloud, Minn., Duluth, etc.

Will send you 1,000 booster buttons. Have a special committee (young men and ladies) upon a specific day and afternoon market them. Please organize a bunch to sell them and be sure to follow up and see it's done.

For Monday noon, May 11, sell 200 tickets for a cheap luncheon, for say 25 to 35 cents. Sell tickets for same before hand.

Tuesday reserve hall for mass meeting lecture by me, Tuesday night. Our work is great work! Try to enlist a bunch of scrappers to fight it to success."

## HUERTA MUST GET OUT ENTIRELY

Special to Dispatch:

Washington, April 27, 3:15 P. M.—The reported acceptance of mediation offer by Huerta, even if it becomes officially confirmed, means nothing unless Huerta is ready to quit Mexico and abandon everything.

That Huerta will make such an absolute and unconditional surrender is inconceivable in Washington today. At present everything awaits Huerta's action.

## FUNSTON NOW AT VERA CRUZ

Special to Dispatch:

Vera Cruz, Mexico, April 27, 11:30 A. M.—Four regiments of the Fifth Brigade, under command of Brigadier General Funston, landed at Vera Cruz early today.

## DR. J. C. ROSSER DEAD AT DULUTH

Former Brainerd Citizen Dies After Surgical Operation at Advanced Age of 73

CAME TO BRAINERD EARLY 70's

Was Connected With Northern Pacific for Time and Engaged in General Practice Here

The Duluth-News Tribune brings the news of the death in that city of Dr. J. C. Rosser, a former resident of Brainerd and who will be remembered by all the early residents of this city. The News-Tribune says: Dr. John C. Rosser died at 5 o'clock yesterday afternoon at the residence of his daughter, Mrs. W. E. Peyton, 1605 East Second street, where he had been confined for the last six months. He was 73 years old.

Funeral services will be held from Lakewood chapel, Minneapolis, Tuesday morning at 9:30 o'clock. The body will be sent from Duluth tomorrow afternoon at 5 o'clock.

Dr. Rosser was born in Campbell county, Virginia, Dec. 2, 1840. During the Civil war, he was a steward in a Confederate army hospital and later finished a medical course at Jefferson college, having been graduated in 1867.

He came to Minneapolis with his brother, Gen. Thomas L. Rosser, at the time of the construction of the Northern Pacific railroad, Brainerd being the road's headquarters at that time.

Dr. Rosser was appointed chief surgeon of the road and remained in Brainerd 20 years, afterward removing to Anoka, where he lived until about six months ago, when he came to Duluth. A surgical operation left him weakened and he gradually sank.

He was known to a host of friends as a true type of southern gentleman. He is survived by a widow, four daughters and a son. They are: Mrs. J. C. Geggie, Minneapolis; Mrs. L. C. Chesebrough and Mrs. W. R. Peyton, both of Duluth; Mrs. Frank Morrison and John C. Rosser, Jr., both of Gilman, Mont.

## IMPROVED TRAIN SERVICE ANNOUNCED

General Manager W. H. Gemmell, of M. & I. Gives Out Plans of the M. & I. and N. P.

### AN ADDITIONAL SLEEPER

Cafe-Observation Car on Day Train Between St. Paul and Bemidji an Innovation

In a statement made today by W. H. Gemmell, general manager of the M. & I. railway, he outlined great improvements in train service for Brainerd, Bemidji and other points. Mr. Gemmell said: "Pursuant to our constant aim to improve the passenger train service in our territory, the Minnesota & International railway in connection with the Northern Pacific has arranged, commencing about Decoration Day, to put on an exclusive sleeper to operate between Bemidji and the Twin Cities on the night train in addition to the one now running between International Falls and St. Paul; and to operate a standard cafe-observation car on the day train between St. Paul and Bemidji. This latter arrangement will afford the people going to our lake resorts a comfortable ride to the lake territory, permitting them to secure their luncheon on the train—the same being true on the southbound trip.

"This innovation will be of especial and particular interest to the people of Brainerd who use this afternoon train in going to the Twin Cities, and who desire to avail themselves of the luxury and comfort that is to be obtained in riding in an observation car. This observation car service will probably be operated until the end of August when summer vacation is over, if the business warrants it, and the Bemidji sleeper as long as there is sufficient patronage to call for it."

## ADVISE HUERTA TO ACCEDE TO DEMANDS

Special to The Dispatch:

Berlin, Germany, April 27, 11:30 A. M.—Germany, England and France have advised Huerta through their ministers in Mexico City to accede to the demands of the United States. This announcement was made here.

### PRAYER MEETINGS

To be Held Tuesday Morning at Home of Eight Residents Mentioned

### IN MUNICIPAL COURT

Alleged Game Law Violation Cases Exceed Others Heard Before Judge J. H. Warner

In municipal court Judge J. H. Warner heard several cases having to do with alleged violations of game and fish laws.

Peter Nordeen was found guilty of violating a game law and was fined \$10 and costs, which he paid, the total being \$15.80.

William Lucas, charged with shipping 50 lbs. of pickerel taken in other manner than by angling with hook and line, namely by net, had a preliminary examination. Mr. Lucas was represented by Attorney Walter F. Wieland. After a short hearing the court ruled the evidence insufficient to hold Lucas to the grand jury and the case was dismissed.

Guy Pratt, of Merrifield, pleaded not guilty to a violation of the game laws. On motion the defendant was discharged. A new complaint was drawn, Pratt arraigned and pleaded not guilty, jury waived and the case continued to April 29, at 2 P. M. The state, in all the above cases, was represented by County Attorney G. S. Swanson.

Henry Atkinson, charged with disorderly conduct, pleaded not guilty, was put under \$50 bail and the case was continued to April 27, at 3 P. M.

### BOOSTER CLUB PRAISED

Editorial in the Detroit Herald Says Club is One of the Livest Civic Organizations

An editorial in the April 24 Detroit Herald pays quite a compliment to the Booster club of this city. Editor A. L. Tucker says:

"The Booster club of Brainerd, one of the livest civic organizations in northern Minnesota, has gone to record as favoring the repeal of the canal tolls exemptions. At a recent meeting the club unanimously endorsed the stand taken by President Wilson in the matter and sent telegrams of commendation."

The telegrams to the President and to Senators Nelsons and Clapp are reprinted in full.

## SOME HATE THE SOUND OF HELL

At First Mention of Word Some Individuals Leave Tabernacle With Grave Dignity

50 CONVERTED LAST NIGHT

\$800 Raised Sunday for Expenses—Still Lacking a Balance of 200 to Clear Up Debts

The largest crowd of the campaign gathered in the big auditorium last night. For a time it looked as though there would not be seating room. The tabernacle is like an omnibus it can always be made to accommodate "one more."

The Brainerd people have a penchant for coming late. Last night the aisles were thronged with late comers dropping in till after the chorus had ceased singing. Some solitary individuals straggled in when the sermon was half through.

Moreover, some "straggled out." It has been remarked that some of our citizens have an extreme sensitiveness to the sound of the word "hell." At its first mention by the evangelist some individuals rise and with grave dignity take the trail for the door. It is intended as a stern rebuke.

Last evening fifty persons professed conversion. Saturday afternoon there were 106 Sabbath school children over the age of seven, who heeded the appeal of the evangelist. This makes the remarkable number of four hundred fifty-seven converts during the first week of invitation. Pan is dead! The old gods fall before the New.

In the neighborhood of \$800 was raised yesterday for the expenses of the campaign. There is yet lacking about \$200. This will clear the committee of debt. After all the expenses are raised there will be no further collections till the last Sabbath of the campaign when an offering will be taken for the evangelist. He receives nothing till that time, aside from a part of his expenses. The silly charge of graft is a lame taunt of some petty souls. The chorus singing is growing great. There will be a long day in—

## The Gossard Bulletin Of Advance Modes

VIENNA, April 20, 1914.

The smartest new lingerie is embroidered designs from the Wiener Werkstatte, these being of decidedly Oriental character.

The most fashionably dressed women are using for indoors silk pantaloons with half long tunic blouses in preference.

The newest combs for fashionable hair dressing have high backs in Spanish style. These are worn coquettishly at one side.

Every week of the season brings forward the claim of the pantalette dresses. These are deemed a success in Vienna.

Large circular capes of black satin, lined with vivid plaids, are all the rage in Vienna.

One hears a rumor that very smart women will attend evening functions, such as balls and receptions, with flowing locks.

The vogue for Batik printing is increasing and one sees it in ribbon for girdles, for hat trimmings, in broad silks for making blouses, and chiffon for entire robes.

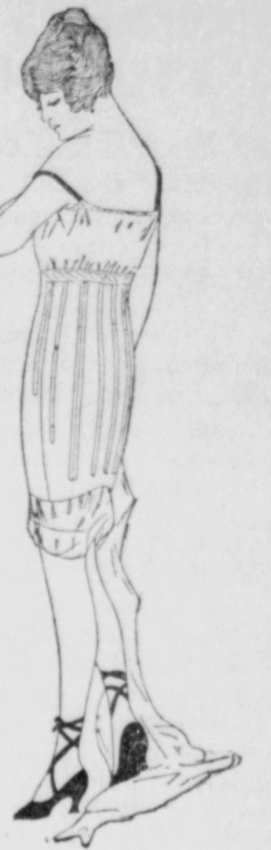

All the new dresses have skirts so short that footwear is more than ever an important question, and the newest models in shoes are as original as are the dresses with which they are worn.

Some of the new tunics are most voluminous, measuring no less than six meters at the edge.

Dyed wigs in fancy colors have brought into fashion hair ornaments in matching shades, such as yellow, green, blue, purple and red.

### COUNTY TEACHERS SESSION

Meeting in Commercial Club Rooms, Election of Officers, the Spelling Contest, Etc.

The Crow Wing county teachers association meeting was attended by 75 rural teachers and was a very successful event. At the first meeting held in the Commercial club rooms Miss Mae Staples, the president of the association, presided. Miss Caroline Barron gave a fine talk on "The School as a Social Center." Mr. Sherwood of the Brainerd high school spoke on "Athletics." Miss Lowey read a message from the Brainerd Musical club. A. J. Gafke, county agricultural agent, spoke on the corn and potato contest work in this state.

In the election of officers, those of the former term were re-elected, being President Miss Mae Staples, vice president Miss Daisy Graham, treasurer Miss Caroline Barron, secretary Miss Daisy Wetzel of Deerwood.

Dr. Powell of the University of Minnesota delivered his lecture on "Bread and Lilies" at the high school auditorium.

The spelling contest was held Saturday. There were 45 participants. Miss Gladys Blackburn, of Lenox, was the winner of the written contest. Miss Irma Rhodes, of Emily, won the oral contest. These two will be sent to the state fair and will enter the state contest.

Leon E. Lum, of Duluth, has offered local prizes for next year, \$10 as first prize and \$5 for second prize.

## Tonight

### Feature A

### "PUTTING ONE OVER"

Fourth of the "Dolly Dailies" story. The Reform League is fighting the Union Realty Co. The latter decides to bribe the reformers who appeal to the "Comet" for advice. Dolly calls on the Realty Co. as the representative of the reformers, gets a check for five thousand dollars, is recognized, but escapes and puts over a big "scoop"

### Feature B

### Miss Irene Stanfeldt

Accompanied by June Robinson In "PULLMAN PORTERS"

### Feature C

### "Salvation of Nance O'Shaughnessy"

A story of submerged society. A game of life in cities is nerve racking and strenuous for those most advantageously situated while for the poverty stricken simply struggling for existence it is fierce and frenzied, particularly perilous for

youth. This play is one of the most remarkable human documents ever drawn from the shadows of a great city. It is impressive in striking situations inspired by truth, interesting in picturesque life studies, big and masterful in its move for the betterment of the slaves of environment.

### Feature D

### Irene and Tommy

"I LOVE HER OH! OH!"

### Feature E

### "BUNNY'S SCHEME"

## DEVELOPMENTS OF WEEK ON RANGE

**Jones & Laughlin Steel Co. Officials Visit Their Holdings on the Cuyuna Range**

### MINES SHIPPING FROM SHAFT

**Much Electrical Equipment Being Installed on the Range by Cuyuna Range Power Co.**

Jones & Laughlin Steel company officials were on the range this week and examined properties in which the company was interested. In the party were Capt. Thomas Walters, of Isapemag, general superintendent for the corporation in the Lake Superior iron region; Mark Elliott, of Virginia, superintendent on the Mesaba range; E. F. Bradt, of Pittsburgh, consulting engineer; Prof. F. Crabtree of Pittsburgh; R. L. Bowring of Virginia; Clement K. Quinn, chief engineer, of Virginia. The company is interested in the Northern Pacific lease near Ironton in section 10, township 46, range 29, four forties, also the Crosby lands in section 18, township 46, range 29 and the Carlson lands in section 17, township 46, range 29. Clement K. Quinn is a cousin of H. J. Kruse, who for seven years was a superintendent of the Rogers, Brown Ore Co. in charge of Cuyuna range mining and exploration work, in both of which he was very successful.

Drilling on the property of the Cuyuna Iron and Manganese Ore company adjoining the big Pennington striping mine is still continuing in hole No. 14 and at last report was down 300 feet and working in good ore, this giving nearly 250 feet of ore in this hole. This company's 80 acres has been thoroughly drilled by 14 drill holes and on their east forty one of the largest, high grade ore bodies so far found on the range has been located. The surface over this ore body is but 63 feet deep and is composed of loose sand, making this property one of the best. Big striping properties on the range. This property is also known to contain a very large body of good manganese ore, some of it running better than 30 in manganese, but the big feature of the deposit is the large body of high grade iron ore which has been developed. This iron deposit is very deep. One hole is down 525 feet and in good ore at the time the drill was stopped and many of the holes that have been put down have shown up a high grade of ore such as no other property on the range has ever found. As soon as conditions shape themselves in the iron ore market, this property is going to be one of the big winners of the range.

The range is quiet in the way of shipping at the present time. The Armour No. 2 mine at Ironton and Crosby and the Kennedy mine at Cuyuna, both properties of the Rogers, Brown Ore Co., are shipping from shaft to cars. The Armour No. 2 is shipping about 19,000 tons a month and the Kennedy is shipping about 15,000 a month.

Although shipping may be slow, development work of all kinds is progressing.

The Lenox Development company has been incorporated with a capital stock of \$100,000 and has purchased 264 acres for the purpose of exploring and mining it. The vein is believed to cross the north forty and there is a strong attraction in the 160 acres at the south end in section 16, township 43, range 32. The president of the company is E. W. Thomas vice president E. P. Adams of Little Falls and secretary-treasurer Albert A. Arnold of Brainerd. Lenox town-Cuyuna Ore Co. at Woodrow has its site will also be platted.

The Wilcox mine of the Canadian-timber shaft down 40 feet. About 40 millions of water is being pumped. The three-compartment timber shaft is being reinforced with cement. Supt. MacKay has no intention of breaking any speed records, the main consideration being to do lasting work. About forty men are employed who will soon be working three shifts. Two new 150 horsepower boilers have been received. A party of stockholders of the Gopher Iron Co., visited the range in company with Frank Oberg, of Minneapolis.

The Thompson pit mine of the Inland Steel Co. in Crosby has a shovel at work and will do its first shipping as a pit mine this year. The Pennington pit mine west of Ironton has a shovel stripping. A power house is being built on the bank near the office. The Rowe pit mine will do its first shipping this year.

The Cuyuna Range Power Co. is installing electrical pumps at several of the mines. A 1,200 gallon electric pump has been placed at the Armour No. 2 mine. It will be operated as soon as the motor is received. The Rowe pit mine at Ironton will have its transformers placed in position this week. The power company has built a power house, what is known as the "Outdoor type transformer station." The Rowe mine will install a lot of new electrical equipment. The hydraulic work will be carried on in addition to steam shovel work. Electric pumps will be put in at the Wilcox mine at Woodrow. A 1,200 gallon electric pump is at the shaft of the Adams mine ready to be used when needed, but only 200 gallons of water are being pumped.

Options for leases are being taken,

it is reported, in section 28, township 47, range 29. The Crosby Exploration Co., of Crosby, has recently placed two drills in the north half of the northeast quarter of section 3, township 46, range 29. The Potts Exploration Co., of Deerwood has five drills working, one in section 12, township 46, range 30 and four in section 20, township 47, range 28. Union holes on the line between section 19 and section 20, township 47, range 28 are being drilled by the Potts Exploration company and Frank Edson. The Longyear Exploration company, of which P. W. Donovan is the superintendent, is drilling its second hole at the county poor farm property. No iron was found in the first hole. J. R. Harrington expects to soon commence drilling on the land he wishes to option from the city of Brainerd, being the tracts in Northeast and Southeast Brainerd which were bequeathed to the city by the late Judge G. W. Holland. Cole & McDonald have two drill at work on the Jamison and Peacock tract in section 1, township 46, range 29 north of Crosby. Accompanying Messrs. Jamison and Peacock on the range were D. S. Murray of Duluth and Robert Howes of Buhl.

There has been placed on record an option for a mining lease from W. J. West of Harlem, Montana to Fred C. Kohagen of Duluth, covering the southwest quarter of the southwest quarter and the fractional part of the northwest quarter of the southwest quarter of section 2, township 46, range 28. The lands are to be explored and if the grantee sees fit he may call for a 50 year lease at 20 cents a ton and a minimum royalty of 5,000 tons the first year, 7,500 tons the second year, 10,000 tons the third year, 20,000 tons the fourth year, 30,000 tons the fifth year, 40,000 tons the sixth year and every year thereafter. Later Kohagen assigns his interest in the above mentioned option for a mining lease to A. P. Mass, of Duluth.

At the Duluth-Brainerd shaft a depth of 133 feet has been attained. The crew numbers 33. It is expected to sink the shaft 30 feet more, and then drifting in the ore body will begin. Progress at the rate of 10 feet a week is being made in sinking. The Cuyuna Northern railway company is working on its extension from the Cuyuna-Mille Laes mine to the Duluth-Brainerd mine. New boiler and machinery shop will be built at the Duluth-Brainerd mine. New boilers and machinery for hoisting are also to be installed. Directors have been elected by the Cuyuna-Mille Laes and the Cuyuna-Duluth mines to represent them on the board of the newly organized American Manganese Manufacturing Co., capitalized at \$12,000,000. The consolidation gives these mines and the furnace company a complete chain in the iron business, that is, everything for carrying on the business with the exception of transportation and labor.

Ina Butler and husband and others have sold to F. L. Pitt, of Deerwood, an undivided one-quarter interest in and to the east half, the north half of the northwest quarter and the southeast quarter of the northwest quarter and lot 1 of section 23, township 45, range 28 for \$1243.25.

### Some Hate the Sound of Hell

(Continued from page three)

tervening before such singing is heard again. The singing evangelist, Mr. Moody, can pride himself on his splendid success. The male quartet is not slow either. Anyone who thinks the preachers of town haven't the gift of song will suffer disillusion when he hears this quartet.

At the men's meeting Mr. Lowry said "he had no apologies to offer for his plain talking. His theme was "Sowing and Reaping or Chickens Come Home to Roost." The people were destroyed for lack of knowledge.

The duty of the parents is to impart clean, pure knowledge of sex hygiene to their children. The time for this was when they first began to question. Not knowledge but ignorance that kills. The quickest way for young women to get to the operating table is to marry the young fellows who are now sowing their wild oats."

Wednesday at noon there will be a luncheon served to the business girls at the Norwegian Lutheran church on Seventh street. All clerks, stenographers, nurses, waitresses, laundry girls, teachers, in fact all business girls are invited. Mr. Lowry will talk for a few moments at this time.

The service tonight is at 7:30. All are invited.

The text of the Sabbath morning service was Mark 14:8: "She hath done what she could." The theme was "Do What You Can." The evangelist said:

"Some take the part of Mary and some the part of Martha. Neither was an idler. Mary was concerned with the things of the kingdom of the Messiah. Martha dwelt more closely to earth. Her care was the home and the house work. Both received the praise of the Christ. They did what they could.

Here is a thing you can do. You can love God and praise Christ more. Praise is sweet incense to Him for it shows Him the place he has in your lives. Too many are giving the Devil the parlor and the spare room to Christ.

He claims first place in every life. If He does not have it He will not tarry. "He who loveth father or mother more than Me is not worthy of Me." The first responsibility of every man is to accept Christ no matter what is the prejudice of friends, or relatives against such a course. The history of Christianity is replete with instances of those who have been cast out of home and place, and nation because of their love for Jesus Christ. If anything stands higher than Christ in your life you are worthy of Him.

The missionary called to service in the foreign field if he should listen to the dissuasion of friends, or wife, or father, or aged mother and remain at home would not be worthy the name of Christ; no, nor even the name of missionary.

The second thing that you can do is to live holier lives. There is no argument of the infidel or the scoffer that can answer the argument of a pure life. No dart can be driven through that armor. On the other hand there is nothing of such great harm as the inconsistent lives of those who call themselves Christian.

You can seek the salvation of the lost. If there is no hell there are no lost. There is nothing to be saved from. Christ "came to seek and save the lost." Therefore there are those who are lost—merely and pitifully lost! Friends weep over the broken body, yet shed never a tear for the broken soul. More souls are broken on the awful wheel of remorse and sin than bodies are broken by pain and disease.

The theme of the sermon last night was "Hell and Damnation, or Eternal Punishment." The text was from 2 Thessalonians 1:7-9: "And to you who are troubled rest with us. Who shall be punished with everlasting destruction from the presence of the Lord."

He said: The same lips which spoke for the little children, saying, "Come unto Me," said "Depart from Me ye accursed." We hear little about hell today from the pulpit. It is a tabooed subject. If we had a little more hell from the pulpit we would have less hell on the street, and in the homes. It is wicked to be more "nice" than God more modest than Christ.

Some say, "Well, I don't believe in a God of wrath, I believe in a God of love." Where do you get your belief in a God of love? Nature teaches wrath as much as it teaches love. Philosophy did not lead you to a God of love. You only found out that God was a God of love through the Bible. That is the only place it can be found. Yet the same word teaches that "God is a consuming fire."

Average man believes that love means license to do as he pleases. He makes out God to be as big a Devil as he is himself. Jesus Christ taught more about hell than all the rest of the Biblical writers together.

I have gone down the track of God's word and I have found an unbridged chasm. It is called hell. Joking about hell is largely blasphemy. Turn hell into a joke if you wish. Your joking will not put out a single spark of that awful place. If there is no hell the Bible is as false a book as was ever written. Prove its falsity in this matter and you prove its falsity in all.

Should God take every man into Heaven He would endanger His own

throne. The murderer would creep up behind Him with his venomous passion, the thief would go right on stealing, and the blasphemer would mock, jeer, jibe and curse; the proud would still be proud and the devils would still be devils. The assassin and his victim would be there. The lecherous with all his lewdness. The fiendish, the horrid, and all pervers would consort together and heaven would be a hell more ghoulish than the bottomless pit.

If God does not punish sin He is a party thereto. Hell is not here on earth. The oppressor of the widow and the orphan grows richer and richer while his victims sink daily into deeper poverty and humiliation. "Except ye repent ye shall perish." To say that you are fool enough not to believe it does not alter the facts of the case.

If there is no hell for the wicked why did Christ die on the bitter cross? The crucifixion is the biggest farce ever perpetrated if there be no punishment, no jeopardy. The same argument that is calculated to disprove eternal punishment will be retroactive, a boomerang, and disprove also eternal.

### Special "Health Warning" for March

March is a trying month for the very young and for elderly people. Creup, bronchial colds, lagrippe and pneumonia are to be feared and avoided. Foley's Honey and Tar is a great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. It is safe, pure, and always reliable. EDWARD R. SYVERSON.  
Candidate for Representative from Crow Wing County

I respectfully solicit the support of voters of Crow Wing county at the primary election to be held June 16, 1914, and if nominated and elected, I pledge my best efforts to the honest and efficient service of the people of my county and state.

I advocate and if elected will support: Legislation for greater state aid for roads and bridges. Legislative provision for development of state lands by the state. Any legislation that will help compel proper business-like economy and increase the efficiency of administration of the state's business affairs. I believe firmly in the rule of the people and if elected shall support every measure which may tend to increase the power of the people in state government and all measures which may tend to the betterment of conditions in rural communities.

CLAUS A. THEORIN  
Candidate for Sheriff of Crow Wing County

I respectfully solicit the support of voters of Crow Wing county at the primary election to be held June 16, 1914, and if nominated and elected sheriff, I pledge my best efforts to give the people of my county and state honest and efficient service.

In asking your support I beg to state that I have been a resident and taxpayer of Crow Wing county for 18 years and in my 7 years of experience as a deputy sheriff have gained a knowledge of the duties of the office and am acquainted with every section of this county and its people.

Yours very truly,  
CLAUS A. THEORIN.

CANDIDATE FOR SHERIFF  
I hereby announce myself as a candidate for sheriff of Crow Wing county and respectfully solicit the support of all voters at the primary election to be held June 16, 1914, and if nominated and elected I pledge my best efforts in serving the people of the county. I have been a resident and taxpayer of this county for 24 years, previous to which I served five years in the U. S. regular army, as sergeant of Co. 3, 15th infantry, where I received a military training that will, I believe, be a valuable aid in performing the duties of the office which I feel confident I can perform efficiently and satisfactorily, if elected.

Respectfully,  
ERICK KRONBERG.

### Also Lid, Dicer, Etc.

Among the slang synonyms for "hat" is "cady," which is supposed to have a Hebrew origin, and has been long in use in Whitechapel in London, as witness a popular song of 1886, in which the refrain supplies one of the few rhymes to "lady": "Met a lady, raised my cady." It is doubtful whether any article of apparel has so many slang alternatives as a hat. A by no means exhaustive list would include "tite," "golgotha," "canister," "cator," "chimney," "colleger," "cock and pinch," "cow shooter," "david," "digget's delight," "fantail," "gomer," "gross," "mushroom," "pill box," "stove pipe," "thatch," "truck" and "weejee."—London Chronicle.

Take Foley's Honey and Tar Compound for an inflamed and congested condition of the air passages and bronchial tubes. A cold develops quickly if not checked and bronchitis, la grippe and pneumonia are dangerous possibilities. Harsh racking coughs weaken the system, but Foley's Honey and Tar is safe, pure and certain in results. Contains no opiates. H. P. Dunn.—Advrt. mw

### Application for License to Sell Intoxicating Liquors in Crow Wing County, Minnesota

Notice is hereby given that F. O. Young has petitioned the board of county commissioners of Crow Wing county, Minnesota, for license to sell intoxicating liquors on the ground floor of a frame building located in the northeast corner of the northwest quarter of the northwest quarter Section 13 Township 45, Range 30 in the town of Oak Lawn.

## Overland and Ford Cars

Give you the most value for the money of any cars built. These two companies make immense numbers of cars and each company makes but one model, thereby saving thousands of dollars. The commissions allowed agents are the smallest of any cars sold, being only 15 percent. Other car makers allow 20, 25 and some 33 percent. The only reason that an agent can handle Overlands and Fords today is the large volume of cars sold. We sold 30 Fords last year and bought 40 for this year. We sold 10 Overlands last year and bought 20 this year, and have taken one half of our season's allotment already. Come in and examine the 1914 models, ride in them, and compare them with other cars costing many dollars more and you will then see for yourself. Overlands \$950, or \$1075 with Gray & Davis self starter and generator. Ford touring cars \$544. All cars sold F. O. B. factories. If you want a car you can get it this afternoon—no waiting.
